WATER ALLOCATION PROGRAM DEVELOPMENT

WATER-USE REPORTING COMMITTEE MEETING

6/11/2003
9:30 AM

University of Rhode Island,
Narragansett Bay Campus
CACS 108

AGENDA

Session Focus: Application of Reporting Elements/Thresholds to RI - discussion of data capture versus gaps for different reporting scenarios. .

1) Public Suppliers
   a) What % of water use is captured through WSSMP - Kathy Crawley & Emily Wild
   b) Review WSSMP Regulations to tighten up reporting by public suppliers - Harold Ward
2) Use of coefficients for estimating water use
   a) Compare estimated versus metered data for commercial/industrial users - Jim Campbell & Emily Wild
   b) Agricultural Reporting - Voluntary reporting by agricultural users (type of data, frequency, availability of data) - Al Bettencourt
   c) Lawn watering impact on use/coefficient accuracy - Harriet Powell
3) Well drilling reporting (what gets reported, where it resides, where does the fee go?) - Liz Scott
4) What is a meaningful threshold for RI watersheds?
   Watershed size/relative impact analysis - Alisa Richardson
5) Other Issues
   Revise matrix information - Joe McLoughlin & Connie McGreavy

   Report Outline - Anne Veeger
6) Tasks for July meeting
7) Schedule next meeting

_____ _____

Date Anne I. Veeger
Department of Geosciences
University of Rhode Island

The meeting place is accessible to the handicapped in conformance with RIGL 42-46-2. Minutes of the meeting will be posted to:
